November Newsletter

WHAT WE ARE LEARNING

We are Growing...

October flew by. It is hard to believe we are in November already. Hold on as the next 2 months will be gone before we know it. Students are beginning to blend sounds together to read and write words. In Math, the students are mastering addition and subtraction. The students are beginning to participate with the responses at Mass as well as learn the prayers we say daily. I encourage you all to say the prayers at home too. (The Guardian Angel, Before Meal Blessing, and The Our Father.)

NEW LEARNING

Science- The Calendar then onto water resources.

ELA- Reading and writing words and sentences. Story elements- characters, setting and sequencing events.

Math- Comparing, adding and subtracting up to 10.

Religion- Learning parables, our prayers, continuing with Saints, and how God made each person unique and special.

-Throughout the month, we will focus on friendships, family, and what we are thankful for.

NOTES FROM THE TEACHER

Our Thanksgiving feast is on Tuesday, Nov. 25. Our class is responsible for providing Desserts. Please bring a family size serving (or 2). The feast will begin at 11:00. Families are invited to join us. For those unable to attend, those kids will be with the teachers together.
Dismissal is at 12:00.
