

October

news

Hello Class Family!

October is sure to be a fun, exciting month. We have a lot planned focusing on pumpkins, farm animals, bats and spiders. We have met 2 of our Superkid friends and look forward to meeting many more. The students are starting to learn about beginning, middle and final sounds. We continue to work on rhyming words too. We will learn about living and non-living things while also the life cycle of pumpkins and spiders. In the process of the life cycle we will also observe how new life comes from 'dead' plants with Pumpkin Jack and growing corn. In Math, we will begin sorting and classifying while counting. The students will then begin to use equations to add and subtract. October will also be focused with learning about Saints and learning how to pray the Rosary.

"Be SILLY.

Be honest.

Be **KIND**."

- Ralph Waldo Emerson

Learning Focus:

Our class has been very busy practicing skills with the help of apples. We continue to work on letter identification, formation and sounds. A few are beginning to blend sounds to make words.

The students are mastering their numbers 0-5 and learning about greater, less and equal.

For Science we used our 5 senses, sorted by textures and learned about apples. The favorite apple was the yellow apple. The apple sauce was yummy too.

In Religion, we continue to learn the responses for Mass. In the classroom we are starting a new chapter titled, "I Am Special To God Who Made Me."

Upcoming Events:

Oct. 8- Family Mass

Oct. 11- No School- Teacher In-Service
