

NOVEMBER

2025

Mrs. Reza's - 3's Class

Happy

THANKSGIVING

This Month

Last month we focused on building friendships and establishing routines. Children build friendship through play, interaction, communication, listening, sharing, and problem solving. This is a life skill that will strengthen with experience. Routines help improve behavior, encourage independence, ensure safety, efficiency, and avoids conflict.

This month, we will continue to learn about our Saints. We will focus on our five senses, kindness, and thankfulness. As always, this is done at their level and at their speed.

Thank you all for allowing me the opportunity to care for and to love your child. I look forward to more conversation with you soon.

Blessings,
Mrs. Reza
